I am the legal guardian of the child named above. I give full permission for the **Kids Thumbs Up Reviews** websites to publish my child's review, photo, and his/her first name. This permission also allows companies full permission to quote my child's review with his/her first name and photo with their marketing.

I acknowledge that all reviews are not published just because I give permission, but no reviews will be published without my parent permission.

In order to guarantee unbiased reviews, I promise that my child's review is for a product or service that is not associated by any member of our family. Also, even though I may have helped my child with minor editing, my child's review was written 100% by him/herself.
